A Halma company

Ampac

Fire detection and evacuation solutions that save lives.

Terms and Conditions:

Item prices as shown in this price list are effective as of 12/05/25.

Prices may change, Ampac Pty Ltd reserve the right to change our product prices at any time. Every effort will be made to provide customers with advanced notice of a price rise however prices may rise without notice.

Product prices as shown are not inclusive of delivery.

Every effort has been made to ensure accuracy of the prices shown in this document, however mistakes may happen. Customers will be notified of any errors as soon as is possible.

Ampac Pty Ltd full terms and conditions are made available to all customers at the time the customer applies for a trade account. A copy of terms and conditions can be made available upon request.

For project pricing and enquiries concerning spare parts for obsolete products, customers should contact their local CSO.

Ampac Pty Ltd Website: www.ampac.net

Cover Page Background Image:

A combination fire detection and emergency warning and intercom system, utilizing the AS7240.2 compliant Fire Finder Plus and the AS4428.16 compliant EvacU Elite.

*The Fire Finder Plus / EvacU Elite combo is **Activfire certified** to utilize a common PSU and batteries within described limitations, representing considerable cost saving for installers. **Refer certificate AFP-3940***

All components of this system are designed and manufactured in Australia by Ampac Pty Ltd.

EvacU Elite

Emergency Warning & Intercom System

The ability to alert and evacuate a building quickly is critical to saving lives and minimising catastrophic damage caused by fire.

The EvacU Elite is designed for that purpose, facilitating the orderly evacuation of a building in the event of a fire or emergency.

- Approved to AS 4428.16:2020 Grade 1, AS 4428.4:2016 & AS 7240.4:2018 ✓
- Instant On-Site Programming ✓
- Scalable Architecture ✓
- Touchscreen Interface ✓
- Easy to Operate ✓

ACTIVFIRE® CERTIFIED

Over 1,250 EvacUElite have been manufactured in Australia, check out some of our projects on our website.
